## Why play a game when you can create it?

### Free summer STEM enrichment program for 6th - 8th graders

Every child deserves a chance to shape the world. But they don't always have the tools to do it.

That's why we've launched the Verizon Innovative Learning STEM Achievers program - an immersive program developed to ignite STEM passions through design thinking, 3D printing, augmented reality and social entrepreneurship.

 The program takes place over the course of one 4-week program. June 9–July 3, 2025.

 CCBC: 1 Campus Drive, Monaca, PA 15061

For more information, please contact  
Eva St. Surin - [eva.stsurin@ccbc.edu](mailto:eva.stsurin@ccbc.edu)

#### Program details

- The program will take place in person.  
Registrants will be notified by the Program Director regarding acceptance and details of the program.
- Lunch will be provided.
- Inclusive of all genders.
- Free to all students from local middle schools.

Share this with a parent or student in your life.
