

Baden Academy Charter School

**A Family's Guide to What Sets
Baden Academy Apart**

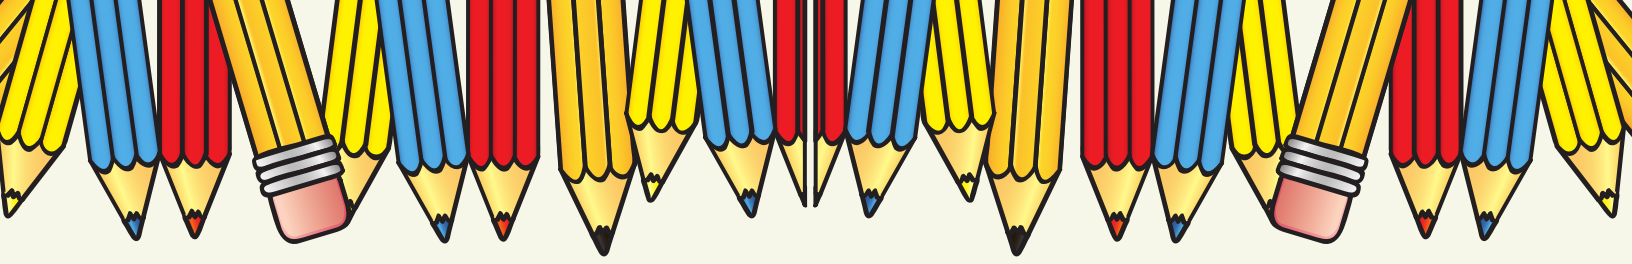

All About Baden Academy

Baden Academy Charter School is a K-6, public charter school. All children, Kindergarten through sixth grade, are eligible for enrollment in our school. As a public charter school, Baden Academy does not charge parents/guardians fees for enrollment or attendance.

Baden Academy Charter School aims to inspire and support children as they explore their expanding world. We encourage development in both creative and critical thinking through an interdisciplinary arts-integrated curriculum and an emphasis on scientific inquiry, and we help children develop skills, compassion, and awareness by connecting elements of a classical education with progressive instructional methods. We will also encourage our students to become positive, contributing members of society by incorporating social emotional learning opportunities into our curricula to help them develop self-awareness and inspire them to make purposeful and compassionate choices.

Principal's Welcome

Hello Families,

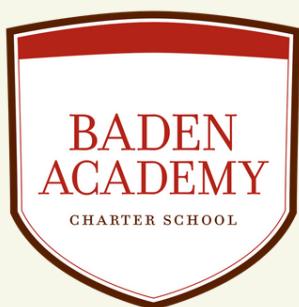

Together with our teachers, staff, and administrative team, I want to welcome you to Baden Academy Charter School. Whether you're exploring our school or have already enrolled, we're excited to have you!

The BACS community continues to grow by adding meaningful learning experiences.

They say that it takes a village to raise children. I am humbled and honored that you have invited me and our BACS community to be a part of your child's growth and development. We will always be stronger with the support of our community.

Sincerely,

Mr. Craig Jeffers

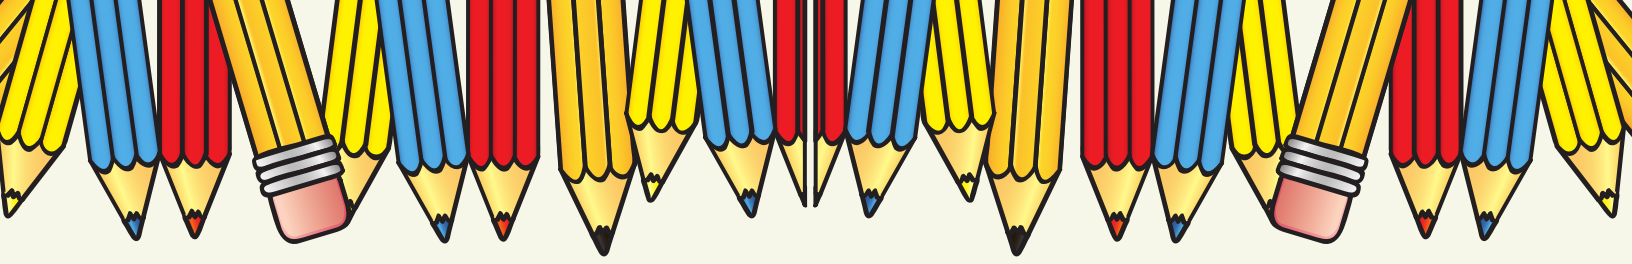

Arts-Integrated Learning: Creativity Meets Academic Excellence

🎭 **Theater for All: Every K-6 student participates in our Theater Program, where they learn confidence, collaboration, and communication through weekly theater classes.**

🎨 **Creative Exploration: From visual arts to music, dance, and acting, students develop artistic skills that enhance their learning and retention in core subjects.**

🎻 **Early Instruction Instruction: Starting in 1st grade, students can learn the Violin, Cello, and various percussion instruments, developing discipline, patience, and a lifelong appreciation for music.**

A Culture of Innovation and Scientific Inquiry

 **Hands-On Science:** Our students engage in active, inquiry-based scientific exploration, making learning more relevant and exciting.

 **STEM Integration:** Through our award winning Media Lab, and by weaving science, technology, engineering, and math into everyday learning, we prepare students for the careers of tomorrow.

Personalized Learning & Leadership Development

 **Goal Getters Program:** A thirty-minute schedule block for all grades offered four days per week, helping students develop academic independence and explore personal responsibility.

 **Ron Clark Academy House System:** Students are part of a school-wide community that fosters teamwork, leadership, and positive competition. Our houses—Reveur, Amistad, Altruismo, and Isibindi—build strong relationships and encourage students to support and inspire each other.

 **Unique Electives for Upper Grades:** 5th & 6th-grade students can explore specialized courses in Acting & Directing, Playwriting, Theater History & Literature, Journalism, and World Cultures.

ACADEMY**

A School That Feels Like Family

At Baden Academy, you're not just joining a school—you're becoming part of a community that truly cares.

♥ **Small School Feel, Big Opportunities:** We provide a close-knit environment where students receive personal attention and individualized support.

👨👩👧 **Family Engagement:** We encourage parent involvement by hosting events, performances, and activities that bring families together.

✨ **Supportive Teachers & Staff:** Our educators go above and beyond to help students succeed academically and emotionally.

Enrollment & Next Steps

Admission at Baden Academy Charter School is based on a lottery system, and space is limited.
